## **QUOTE OF THE DAY**

“The arts are the one thing that appeal right across all forms of politics, race, creed - everything.” – Andrew Lloyd Webber

“There is a role and function for beauty in our time.” – Tadao Ando

“Art is something absolute, something positive, which gives power just as food gives power. While creative science is a mental food, art is the satisfaction of the soul.” – Hans Hofmann

“The poet is a liar who always speaks the truth.” – Jean Cocteau

“The community as a whole doesn't listen patiently to critics who adopt alternative viewpoints. Although the great lesson of history is that knowledge develops through the conflict of viewpoints. If you simply have a consensus, it generally stultifies. It fails to see the problems of that consensus and it depends on the existence of critics to break up that iceberg and permit knowledge to develop. This is in fact one of the underpinnings of democratic theory. It is one of the reasons why we believe in notions of free speech and its one of the great forces in terms of intellectual development.” – Walter Gilbert

“Do not the most moving moments of our lives find us all without words?” – Marcel Marceau
